

BOURBON AUROCH

Double azimuth stern tug
100 Metric ton bollard pull ahead
95 Metric ton bollard pull astern

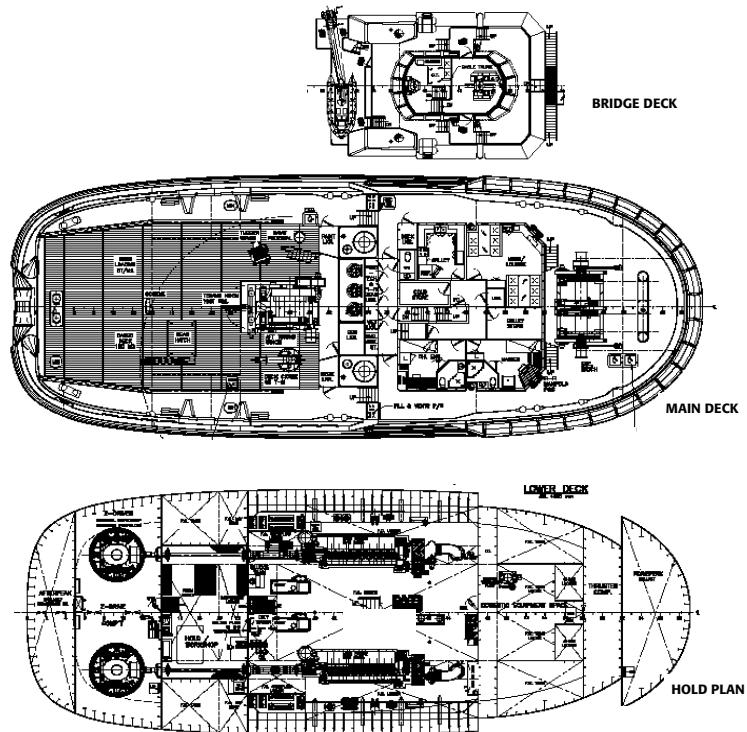

BOURBON AUROCH is a 100 t terminal/Escort tug, RASTAR 3800. Highly manoeuvrable, powered by two azimuth thrusters and fitted with a bow thruster together with a short hull. It is able to assist offshore oil and gas off-loading tankers either by pulling or pushing.

It is fitted with one double drum winch, on the forecastle deck and one simple drum winch on the main deck. Each drum can be equipped with a tow line, offering added functionality.

In addition, it offers a 96 m² deck space for material and 20 ft containers, even refrigerated, as well as a Fire-Fighting I capability.

It also has two oil dispersant spray booms.
